Passage A:

Children acquire the basic structures of their native language at a remarkably young age. Their ability to learn vocabulary is especially impressive. During the school years, children continue to add a large number of new words to their vocabulary. Researchers have estimated that this process allows young learners to develop an extensive reading vocabulary by the time they complete their education.

80. What is the main subject of Passage A?
   a. Memorizing textbooks
   b. Language acquisition in children
   c. Communicating with teachers
   d. Teaching adults
